

CREATED ESPECIALLY FOR SCR-EGA: *Natalie's Nautical Lighthouse*

NEW FROM CINDY HAMBRICK

SCR-EGA is pleased to announce a new region-sponsored online class: *Natalie's Nautical Lighthouse*. *Natalie's Nautical Lighthouse* is a brand-new beading project designed by Cindy Hambrick specifically for South Central Region. We are so excited to make this class available to any member of our region who wishes to participate and to make it more affordable, SCR is underwriting the teaching fee for all students. In an effort to reach as many people as possible, the class will be online (via computer/internet). Kits will be mailed directly to those registering. Shining Needle Society will handle the class administration and assist with computer questions. Note that you must be a current member of SCR-EGA to participate. This project is recommended for students with some basic beading experience.

Each member will register and pay for the class project individually. You can pay via PayPal (you don't need a PayPal account to use this method) or personal check. Your kits will be mailed directly to you. The class is administered online by Shining Needle Society via a Yahoo Group set up specifically for this purpose. (If you have any questions about joining online classes or setting up a Yahoo Groups account, just email kategaunt@aol.com)

Natalie's Nautical Lighthouse is shown at left. The finished project is approximately 4 inches tall and 1 ½ inches in diameter.

Cindy's *Lighthouse* project is available as a complete kit and comes in two forms: Tea Light

Version or Nightlight Version. The Tea Light Version comes with a battery-operated tea light to get you started. The tea light is easily replaced when the battery runs out and additional tea lights are readily available at craft stores and other large retailers. The Nightlight version comes with a nightlight that plugs into a standard household outlet. The Nightlight version is \$10 additional due to the cost of the nightlight. Since the nightlight runs on household electricity, it does not require replacing.

The kit for *Natalie's Nautical Nightlight* includes:

- Miyuki Delica beads in colors specified for the project
- dome bead for lighthouse top
- all accent beads needed to complete the project
- printed instructions for your choice of project including lots of color photos
- Supplies including:
 - dowels
 - needles
 - bead mat
 - beading thread in two colors as needed for the project
- nightlight OR tea light for version selected (Please note that the finished projects are NOT interchangeable. You have to commit to either the nightlight or tea light version for the light to properly fit.)

Pricing:

\$105 for class with complete kit with tea light. (Texas residents \$113.66)

or

\$115 for class with complete kit with nightlight. (Texas residents \$124.49)

If you can't decide on which version, you can purchase a kit with **both versions** together in a kit - \$165 (Texas residents \$178.61)

Pricing includes mailing within the US. Texas residents will also be charged Texas sales tax. Additional bead packets (includes appropriate light) ordered at the same time are \$50 (\$54.13 Texas residents) for the tea light version or \$60 (\$64.95 Texas residents) for the nightlight version. There is an initial limit of TWO kits (total) per person. You may request additional bead packets which MAY be fulfilled if Cindy has enough supplies after registration closes. If Cindy can fulfill your request, she will invoice you for the additional kits at the close of registration.

Please note that due to need for specific supplies, this project is only available with the purchase of a kit.

The pricing above is what each student will pay the instructor and reflects the discount for the teaching fee being paid for by the region. SCR will pay the teaching fee directly to the instructor based on enrollments.

Class Timing:

Important class dates are as follows:

NOW through August 31, 2018.

August 31 -- last day for registration

October 15 – November 30, 2018 – online class

November 30, 2018 – class officially ends, but online classroom remains open indefinitely for finishing up and sharing of pictures.

What if you have a conflict with the class timing? Other than the registration period which closes August 31, 2018, it's NOT a problem. Online classes are accessible to you anytime. You don't have to be online at a certain time. PDF lesson files are delivered to you in your email inbox. If you can send and receive emails, you can participate in this class.

Ready to sign up? Just email Cindy at pootiebead@hotmail.com .

Please include the following information in your email:

Your full name

Your mailing address

Your email address

Your phone number in case we encounter a typo :-)

Your preferred method of payment – Cindy can accept checks or PayPal.

Extra kits you may wish to buy. Please specify tea light version or nightlight version.

You must also include your EGA number and the name of your chapter in the South Central Region. You can be a primary or plural member in the region but you DO have to be a member of a chapter in the South Central Region. If you are NOT a member in the SCR, let Cindy know and she can forward your info to an EGA volunteer who will help you get connected with a chapter.

Methods of payment are PayPal or personal check:

(1) PayPal: Cindy will email you a PayPal invoice after you register. PayPal allows you to use your credit card or PayPal balance from anywhere in the world. You do NOT have to have a PayPal account to pay this way.

(2) Check: Email Cindy and she will send you an invoice so you can mail a check. (She'll include her mailing address.)

If you have any questions on the online administration of the class, you can email Kate Gaunt at kategaunt@aol.com or kategaunt@me.com . Kate runs Shining Needle Society, the administrator for the class, and she will be happy to assist you.

SPECIAL NOTE: If you have a friend that would like to stitch this project, please encourage them to join EGA and join a chapter in the South Central Region. We welcome new SCR members to participate in this project!

What if you don't have a computer? We suggest:

1. Many libraries will allow computer and printing access.
2. You may also ask a friend to print out the class messages. Class kits include basic instructions and graphs.
3. If you still have questions, email kategaunt@aol.com so she can help figure out a solution for your particular situation. A friend can email for you, if necessary.

Tea light version

Nightlight version shown on included nightlight.

Both lighthouses are about the **same size** from beaded green base to top. Only the base attachment differs so the lighthouse fits securely over your chosen light.
