

Ringin' in Winter with a Cuppa
EGA Stitch-Along Facebook Group
December 2022 Project

Directions:

1. Cut 2 pieces of white felt in the shape of a bell. I traced a bell-shaped cookie cutter.
2. Stitch the mug and steam with a single thread of blue floss. The mug can be stitched with outline or back stitch. The steam can be stitched with running stitch.
3. Create a flower in center of mug with 7 red beads.
4. Add a small bell for the clapper.
5. Embellish the edges with clear or gold seed beads.
6. Sew the two pieces together using a whip stitch, leaving a space for stuffing.
7. Close the bell and add a yarn loop for hanging.
8. Finished project is 2" x 3" but can be enlarged.
