

Supply List for Lacy Pin Cushion

The following is required for this project:

- 28 count Cashel Linen - 2 pieces
 - For the pin cushion - 6 X 11 inches
 - For practicing the Pulled Thread fillings - 12 X 12 inches - to fit an 8 inch hoop

**** If you are going to use another fabric, please make sure it is suitable for Pulled Thread embroidery. It should have some space between the warp and weft threads. Hardanger and Aida fabrics are not suitable options.

**** A layout for practicing the Pulled Thread fillings will be provided and template for the pin cushion with Lesson 1. If you decide to use a different count linen, the amount of fabric will be different.

- DMC Pearl Cotton #8 - this is for the outline and assembly of the pin cushion.
- DMC Pearl Cotton #12 or two strands of floss - this needs to match the fabric colour chosen for the pin cushion
- Pearl Bead or Button for center of the pin cushion - you will need 2. The pearl bead should be approximately $\frac{1}{4}$ of an inch in diameter. You can choose something else for the center if you wish
- Seed Beads - will need at least two for attaching the Pearl Bead/Button to the center. If you chose to complete the edging with beads, then you will need more - your colour choice
- Stuffing for the pin cushion
- Frame or hoop large enough to hold fabric
- Needles - Size 24, 26 and beading needle

My example used the following:

28 Count Cashel Linen - Cream
DMC Pearl Cotton #8, #12 - ecru
Mill Hill Seed Beads - 0123
Pearl Beads - 1/4 inch in diameter
