

Royal Ruffles Ribbon Bracelet

Hannah Rosner

Date and time: February 5, 2026 afternoon

Location: St Thomas the Apostle Church O'Leary Hall

Build community and join Hannah Rosner for a long-standing Bead & Button Favorite at a fun gathering after the Tucson Chapter General Meeting. It is three-hour, advanced level peyote stitch class.

There are several options to choose from: Participants may kit the project themselves or purchase a kit from Hannah. Is this an Unfinished Object in your stash? Hannah has an updated tutorial for it and if you already have the kit and took her class at Bead & Button or previously purchased the kit through PayPal you are welcome to join for no additional kit fee.

Hannah will lead this class at no additional cost to the chapter, but there will be a small fee to offset her travel costs. Thank you for supporting chapter educational opportunities!

_____ \$7 Class fee

PLUS (check one)

_____ \$0 Option 1: NO Kit (Self-kit)

_____ \$65 Option 2: Standard kit

_____ \$95 Option 3: Metallic Bead Kit

_____ Total

Tambour Beaded Iris Pendant/Brooch
FULL DAY CLASS – February 7, 2026: 10am – 4:40 pm with a ½ hour lunch break
IN PERSON ONLY
Hannah Rosner
Location TBD, Tucson

Learn basic tambour embroidery using a fantastic hand-dyed silk embroidery floss and then learn how to add sequins and beads!

Please note – tambour requires a pre-knowledge of crochet since tambour is basically crochet on fabric. HOWEVER, while teaching this class in person, Hannah also teaches an embroidery stitch that pretty much

looks identical to crocheted tambour. So, even if you can't crochet, you can take this class. Just buy the kit without the tambour needle option.

Use tambour or chain stitch techniques and bead embroidery. Students should be comfortable with threading a needle and doing basic bead embroidery. If you want to try the “true” tambour embroidery, please be comfortable with doing basic crochet work, otherwise pick the “faux” tambour option.

NOTE: You'll need an embroidery hoop holder that either stands on a table or clamps to a table. Hannah usually uses a rotating ball vice from Amazon for \$20. If you have a freestanding embroidery hoop holder, that will work, too. Options and links will be sent out to students prior to class.
